

Commit to the Year of Giving.

A Partnership Effort of the Gulf Coast Regional Blood Center and the Houston Bar Association

Each day, at least 800 blood donations are required to meet patient needs in the Texas Gulf Coast region. There is no substitute for blood. It must come from a person in order to save and sustain a human life. The blood center is consistently falling short of the critical number of daily donations required to meet the need for blood.

Please join the Houston Bar Association's "Year of Giving VII" campaign.
